

## Mobilab™ Uni-D

### Specification

- Multi Patient Mode
- New tests incorporated
- Average test timing: 2-3 min.
- Vital - 16 tests

### Includes

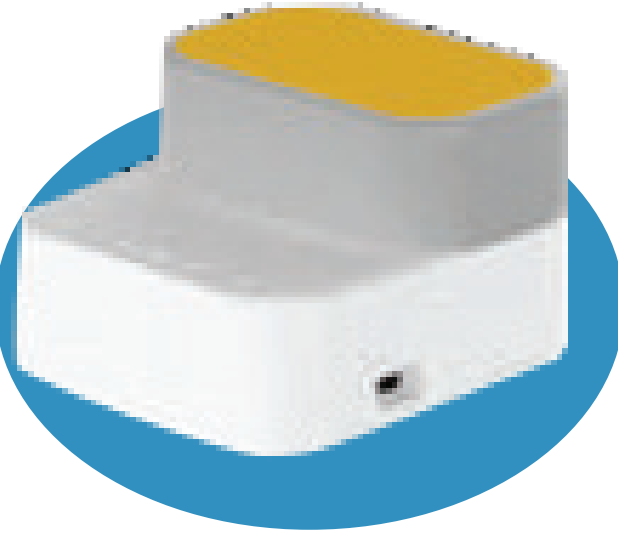

- Mobilab Device
- Mobimix
- Cables
- Mobicube
- Manual

### Accessories

- Mobimix

- Mobicube

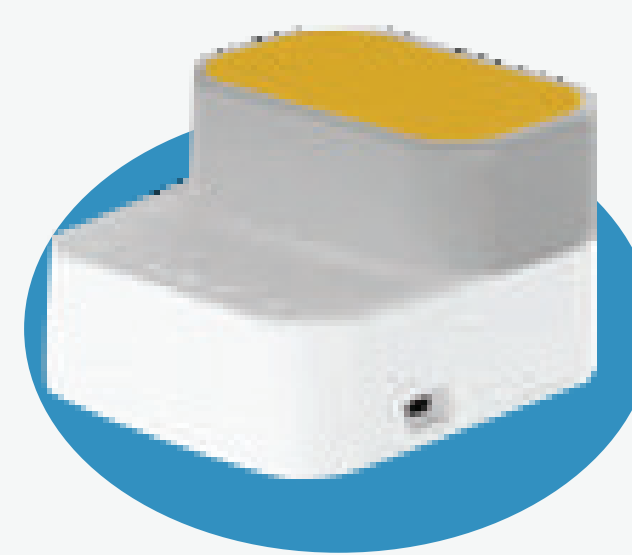

## Mobilab™ Duo-D

### Specification

- Multi Patient Mode
- New tests incorporated
- Average test timing: 1-1.5 min.
- Vital - 25 tests

### Accessories

- Mobimix
- Mobicube

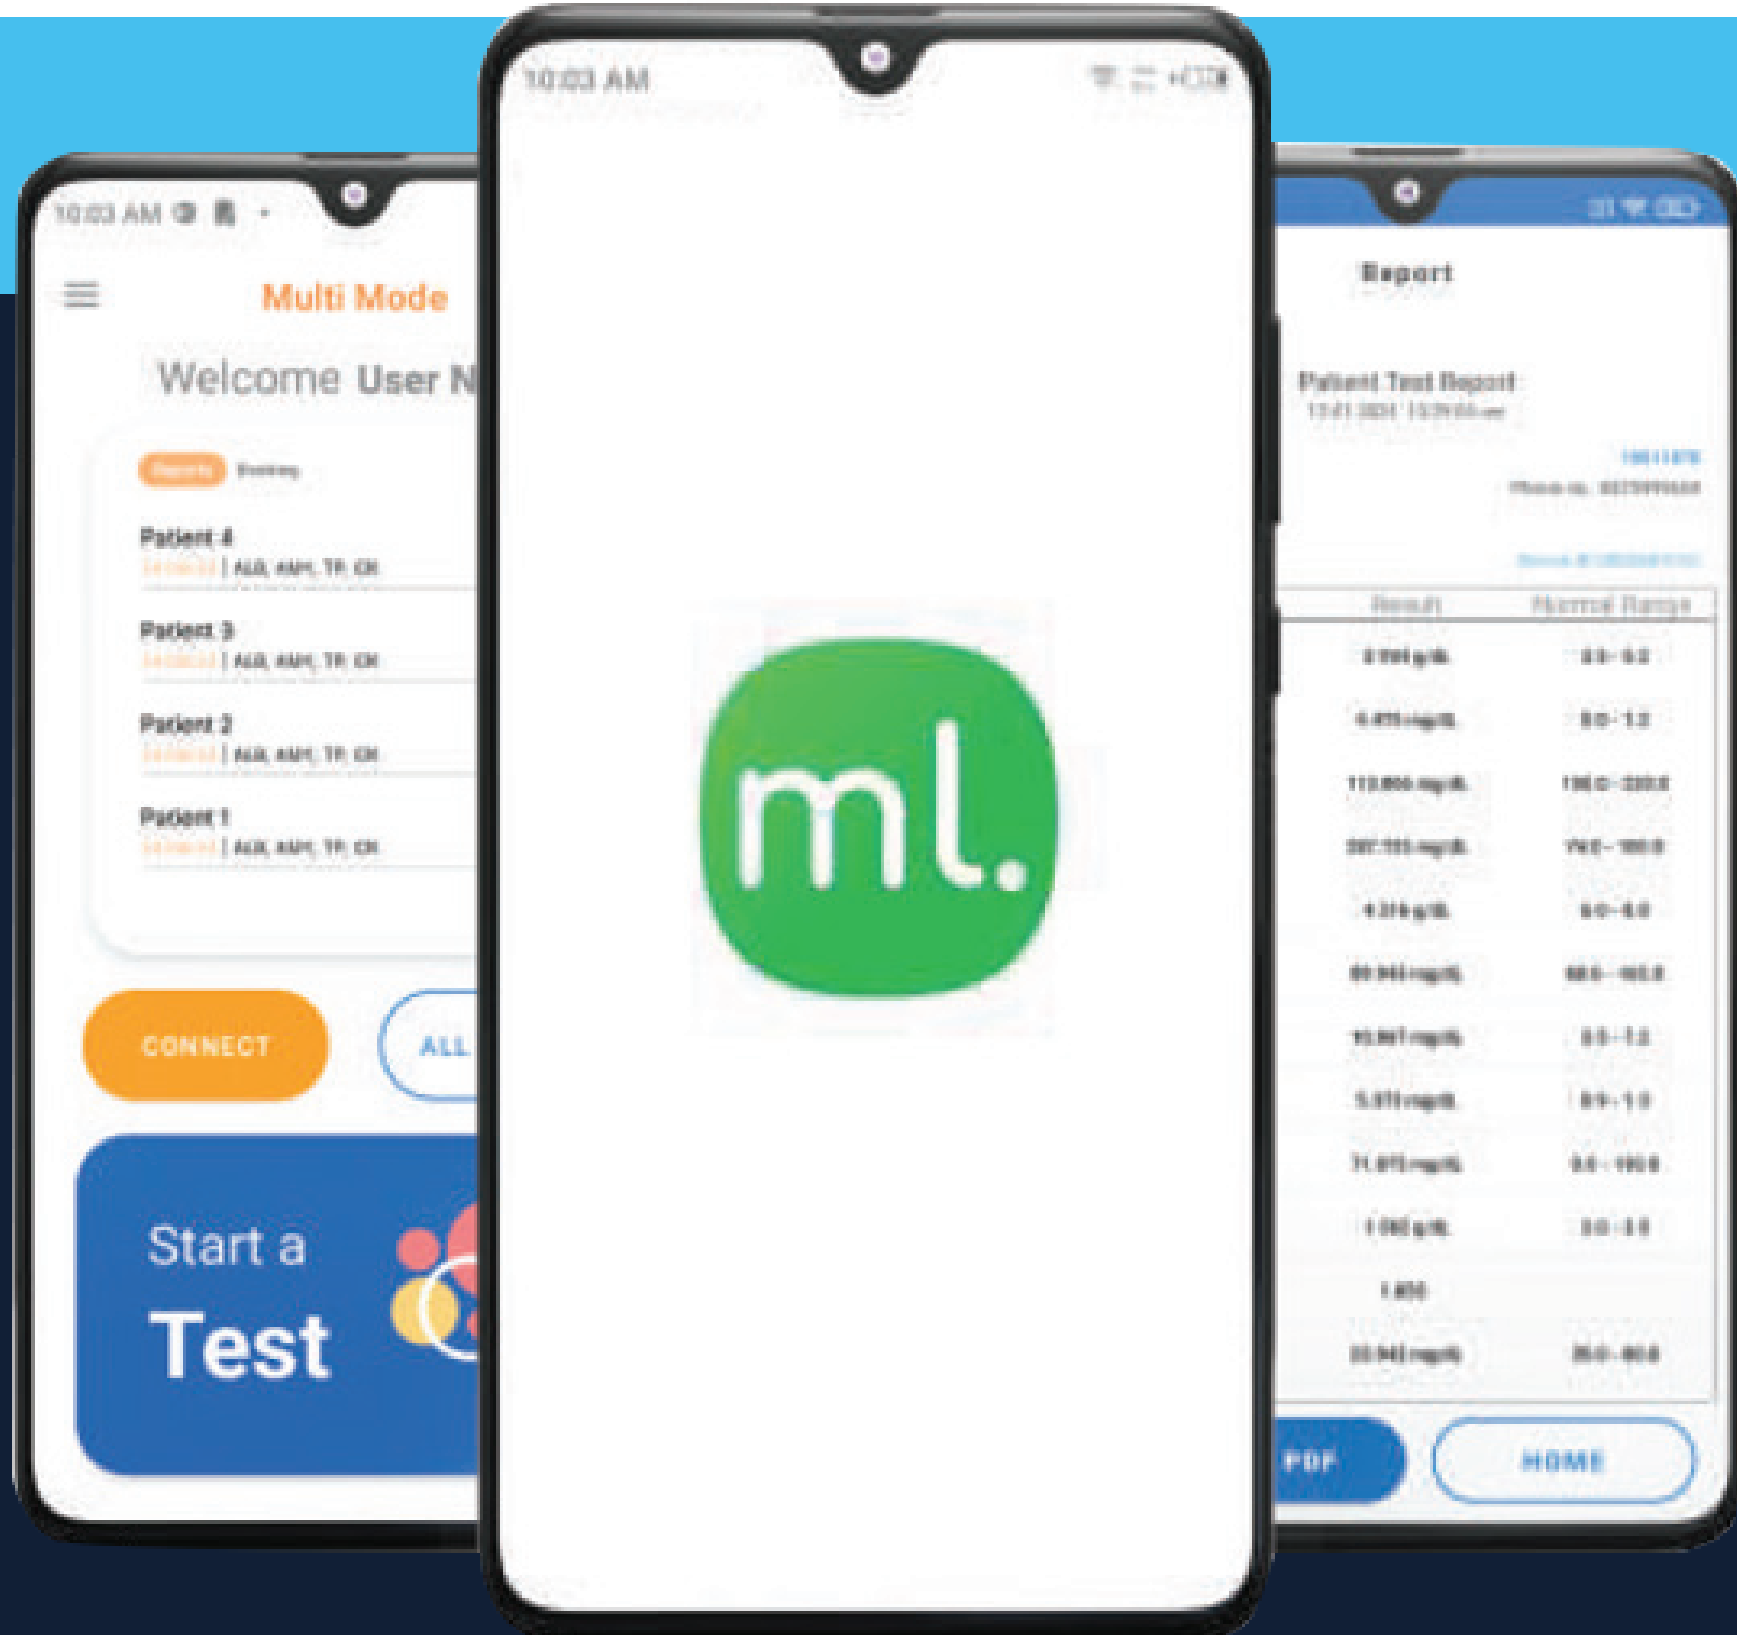

### Includes

- Mobilab Device
- Mobimix
- Cables
- Mobicube
- Manual

## Mobilab™ Connect™

Mobilab Connect is our indigenous Android mobile application specifically designed to complement the functionality of the Mobilab device. With its cutting-edge IoT and AI/ML capabilities, the app excels at analysing the crucial parameters using the Mobilab device. Our app simplifies the Mobilab operation through intuitive features and guided steps, making it more accessible and user-friendly

### Specifications

- Effortless test booking
- Guided Operation
- Seamless Cloud Connectivity
- Digital Report Generation

## Mobilab™ Dashboard

The Mobilab Dashboard is your all-in-one solution, harmonizing technology, and patients centricity for enhanced efficiency in clinic management. It is an intuitive platform meticulously designed to optimize clinic operations and elevate patient care.

### Specifications

- Seamless integration with Mobilab device & MobiApp for effortless data flow
- User-friendly interface for easy access
- Real-time monitoring
- Comprehensive test analysis
- Patient history tracking

## Tests Compatible with Mobilab Uni Analyzer

### Liver Profile

- Total Bilirubin
- Total Protein
- Albumin
- Globulin
- A/G Ratio

### Heart Profile

- Total Cholesterol
- Triglycerides
- Haemoglobin
- LDL
- HDL
- Total Chol/HDL

### Kidney Profile

- Creatinine
- Uric Acid

### Anemic & Diabetic Tests

- Haemoglobin
- Glucose

- \* Blood Pressure and Body Mass Index are also calculated

## Tests compatible with Mobilab Duo Analyzer

### Liver Profile

- Total Bilirubin
- Total Protein
- Albumin
- Globulin
- A/G Ratio
- AST
- ALT

### Heart Profile

- Total Cholesterol
- Triglycerides
- Haemoglobin
- Total Chol/HDL
- LDL
- HDL
- VLDL

### Kidney Profile

- Creatinine
- Uric Acid
- Urea
- BUN
- BUN/Creatinine
- eGFR

### Anemic & Diabetic Tests

- Haemoglobin
- Glucose

- \* Blood Pressure and Body Mass Index are also calculated

## Test Under R&D

### Liver Profile

- Direct Bilirubin
- Indirect Bilirubin
- ALP

### Pancreatic Profile

- Amylase
- Lipase

### Electrolyte Panel

- Sodium
- Potassium
- Magnesium
- Calcium

### Other

- PTINR
- T3
- T4
- Vitamin B12
- Vitamin D3
- TSH

### Anemic & Diabetic Tests

- HbA1c
